

Mesh

Product Characteristic:

Characteristic and advantages of our products

1. Good printability. Precise coating technology with high-strength PET ensures the good outdoor printability.
2. Strict procedure of printing and scraping.
3. Totally over 1000D high strength terylene thread used, which could bear 1000 newton with a single thread.
4. Excellent ventilation and light through which is a good protection to the building and also let the light in, makes it no effect to the lighting.

Basic Fabric: 500*1000D 18*12

Weight: 270GSM

Tensile Strength: L: 920N/5cm

W: 780N/5cm

Tearing Strength: L: 160N/5cm

W: 120N/5cm

Peeling Strength: L: Cannot Peeling

W: Cannot Peeling

Width: 1.6m, 2.5m, 3.2m

Rate of white(degree): 80±5

Suitable Temperature: -30~70℃

Applied Printers: Suitable for all solvent-based printers, UV printer and screen printers.

Application area: Billboards, Building Murals, Backdrop of exhibition booths etc
